

Language, Literacy and Communication

Stories in a familiar setting

- traditional tales from different countries
- Playscripts
- Communication texts: letter, email, postcard etc
- Information texts
- Write fact files about different places and countries
- Role play travel agents
- Learn a poem in Welsh for Eisteddfod
- Learn names for other countries in Welsh
- Write a postcard in Welsh, describing what we've seen and using past tense
- Write a letter to parents persuading them to recycle and look after our local area
- Weather in both Welsh and English

Homework: Research a story from another culture. Retell the story in your own way. You could act it out and record it, create a cartoon strip or write the story in your own words.

Maths and Numeracy

Use place value to partition 3 digit numbers, knowing the value of each digit

- Derive 5x table from knowledge of 10x table
- Find halves and quarters in practical situations
- Adding and subtracting 21 and 19
- Understand that multiplication is repeated addition
- Make sensible estimates of height, weight, length and capacity. Check using standardised measurements.
- Find totals and give change from multiples of 10p
- Adding and subtracting 2 digit numbers by partitioning and recombining
- Find a small difference between two numbers by counting on

Homework: Look at how far away different countries are from us using the Internet. Write a list. Which country is closest? Which is furthest away?

Science and Technology

Learn about rain and raindrops.

Design and make kites. Investigate the wind.

Learn about recycling and degradable materials.

Use ICT to make a recycling poster

Independently log in to laptops using a username and password

Identify how to keep personal data safe

Talk about advantages and disadvantages of digital media on their lives

Homework: Keep a weather log for 2 weeks. Can you record the temperature every day? Can you label each weather in Welsh and English?

Where Are We?

YEAR 2

Expressive Arts

Learn traditional dances and songs from other countries

- Learn a traditional Welsh dance
- Create a card for Mother's Day
- Research artists from other countries and recreate their own artwork
- Research a local artist and create a piece of artwork in their style

Homework: create a picture of your house. Include as much detail as you can. You can use any resources that you have – collage, paints, pencils, fabric.

Humanities

Learn about our local area

Visit our local area and learn about different landmarks

Learn about famous local people and why they are important

Easter cards and the Easter story

Learn about the church and its different parts

Learn about our place in the world

Discover other religions and cultures

Homework: Find out about a famous Welsh person and write a fact file / show your facts in your chosen way.

Health and Wellbeing

Learn traditional dances from our country and from other countries

Learn about different foods from countries around the world

Learn about food grown locally.

Taking part in various throwing, catching and team games

Yoga

Update our personal targets and goals for the year

Jigsaw activities

Homework: Learn a dance from a chosen country. Record a video and send it to your teacher.
