Information about permits

At the top of our school drive the turning circle offers a range of parking spaces for buses and for permit holders.

We regularly have requests for permits. To clarify, permits are issued based on the needs of children, not on the needs of adults. Primarily they are issued to the children within the SRB - Dosbarth Barri. However, permits are also issued to a few mainstream children where complex additional learning needs have been identified, and a permit is considered appropriate to keep a child safe.

Inevitably, given the number of spaces available, we have more permits than spaces. If you are a permit holder this gives you access to a space however it does not guarantee a space will be available. Please do not block the traffic route waiting for a space as this impacts on the congestion.

To permit holders, as soon as your child is collected, please vacate the space promptly, to enable other permit holders access.

BRADWDDEG Y MIS (Phrase of the Month)

Here is our Brawddeg y Mis, our Phrase of the Month, for September. We have been practising it in our Welsh lessons and in Welsh Assembly. Why don't you ask your child/ren to say it to you and practise at home?

DATES FOR YOUR DIARY

E-Consent Flu Vaccination Session 28/09/2026 **- RECEPTION TO YEAR 6**

Dear Parent/Guardian,

The School Nursing Service will visit the school to offer pupils a nasal flu spray vaccine on **28/09/2026**.

The online consent form and more information can be found here: <https://linktr.ee/schoolfluab>

We encourage all Parents/Carers to complete a consent form for their child or young person, regardless of whether they wish them to receive the vaccination.

The NHS recommends that your child has a flu vaccination every year.

It's very important to protect your child from flu to make sure they stay as healthy as possible. The best flu vaccine for most children is a nasal spray, however there is a gelatine free/inactivated injectable option available.

To help make sure the vaccine is suitable for your child, and they don't miss out, please take time to read the information and follow the link to complete the electronic consent form as soon as possible, before the planned vaccination date.

***If your child is under the care of a healthcare professional and their advice is required before vaccination, please ensure the consent form is submitted at least 3 working days before the session date. Consent forms received later than this may result in your child being unable to receive their vaccine at the school session and instead will be invited to a community clinic.

We encourage parental engagement and consent wherever possible for young people: However, everyone aged 16 years and over is presumed to have the capacity to give consent themselves, unless the opposite is demonstrated. If a child under the age of 16 fully understands what is involved, they are legally able to make an informed decision to consent. They are advised to inform their parent/guardian. However, have the right to not disclose this information if they wish. (This would apply to secondary school age children).

The nasal spray flu vaccine that contains porcine gelatine is the best protection against flu for children. If you want to have your child protected against Flu, but you do not want them to have the nasal spray, you can request the gelatine free injection instead on the consent form and you may be invited to a clinic.

If your child attends a SECONDARY SCHOOL they will receive their vaccine in school. Should you have any difficulties accessing the above link, please contact 01633 431685 for further support.
