

Thomas Middleton

What people like and admire about me:

- I always have a smile in school.
- I always arrive early to get all my work done.
- I am good at keeping the people around me safe and calm.

What is important to me:

- I really enjoy hiking mountains. I always try and visit new places in the UK. My longest walk was the Yorkshire Three Peaks Challenge and it was 56km long!
- I love painting my miniatures and spending time with my old friends every month.
- I live with my partner and our two children in Tredegar.
- I have hundreds of books and love to read! My favourite genre is science fiction, particularly books by Dan Abnett or Arran Dempski-Bowden!
- I am studying an Integrated Masters Degree with the Open University. My specialism is Astrophysics and Space Science, with a focus on Special Relativity!

My Role in School:

- I started at Overmonnow Primary School 13 years ago as a teaching assistant and currently have two different roles in the school.

My Role in School:

- I am also the Additional Learning Needs Coordinator for the school. I support the adults to help the children who need a little extra support.
- You may see me walk in and out of your classes to talk to adults. I really enjoy meeting new people so please give me a wave or say 'hello' when you see me!
- I am a teacher in the Specialist Resource Base. My specialism is supporting children with sensory differences and Autism.
