HEADTEACHER'S COMMENTS:

Welcome back!

Welcome back to everyone, it's been a busy few days and the children have settled into their classes really well. We are looking forward to a very busy year filled with fun, engaging learning – which will be regularly shared on class story via Dojo.

The yard was a sea of Geraint Thomas face masks yesterday! Hopefully there will be lots of support in the community as the cycle race flies through Monmouth. Wishing all our families a lovely weekend.

USEFUL INFORMATION REGARDING THE IMPACT OF VAPING

Schools across Wales are increasingly seeing the impact of vaping and new nicotine products among young people. Research shows that experimentation is common, and new products – such as nicotine pouches and heated tobacco – are being marketed directly to children and teenagers.

To help families navigate this challenge, ASH Wales has developed free resources designed to:

- Explain the risks of vaping and other nicotine products.
- Provide conversation guides to help you talk to your child.
- Offer advice on how to spot the signs of use.
- Signpost support services for young people already using nicotine.

All resources are freely available through the Nicoteens Hub: <https://ash.wales/nico-teens>.

We encourage all parents and carers to take a few minutes to explore these materials. Open, supportive conversations at home can make a real difference in helping children stay safe and informed.

If you have concerns about the sale of nicotine or tobacco products to young people, please use the anonymous reporting portal [No Ifs, No Butts](#), which helps us keep communities safe.

Thank you for working with us to protect the health and wellbeing of our children.
